To accommodate the venue requirements for hosting the 2026 NIAG, the badminton court and table tennis room of NCU will suspend online reservations from April 1 to May 10 (Year 115). During this period, only on-site queue registration will be available. Important Notes for On-site Ticket Purchase:

1. Each person may register for one session only, with a maximum duration of 2 hours. If courts remain available after the session, users may register again to continue playing.
2. Entry is scheduled on the hour, and the venue will be cleared at each hour mark (except for those continuing play). If a user chooses to enter after registration but uses the facility for less than one hour, no request for a full 60-minute session will be accepted.
3. On-site registration opens 10 minutes prior to each session. After registering, users must complete ticket purchase and enter within 5 minutes, or the registration will be canceled.  
(Example: For a 5:00 PM session, registration begins at 4:50 PM.)
4. Daily operating hours remain unchanged. However, depending on venue usage, the number of available sessions each day may vary from 1 to 6, subject to on-site conditions.
5. Users of the badminton court must comply with the university's facility management regulations.
6. Any matters not specified here will be handled in accordance with on-site announcements or notices issued by the Physical Education Office.
